

Cambridgeshire and Peterborough Appointment Data across General Practice June 2023

Published 27 July 2023 by [NHS Digital](#)

530,229

In June, over 500,000 appointments (*over 1 in 2 Cambridgeshire & Peterborough residents*) were offered to patients who accessed care across our 87 GP Practices

360,259

Almost 70% of all patients were seen face to face

237,473

45% were seen on the same day they contacted their GP Practice

- ✚ Across England, we have seen a **collapse in the GP and practice nurse workforce**, at the same time as there's been a large expansion in hospital doctors and staff over the past decade.
- ✚ Locally, **95% of Cambs & Peterborough Drs and nurses** are based in our **hospitals**. **Only 5%** are in our **GP Practices** – patients will experience a **supply and demand mismatch**.
- ✚ If supermarket queues are crazy, do we shout and complain at the checkout assistants? **Please do not fall into the trap of blaming our GPs and their practice staff.** We are all trying to do the best we can, with what we have.
- ✚ Patients will be offered appointments with the **right clinician** at the **right place** and within the **right timeframe** - based on **clinical urgency** and **need**.
- ✚ We know all NHS services are stretched for patients right now across England. The same is true across Cambridgeshire & Peterborough.
- ✚ We are working as hard as we can **to try to meet you and your family's needs.** **We are truly grateful for your patience and your support.**
